

DON'T WALK OUT AT MIDNIGHT

June 24, 2020

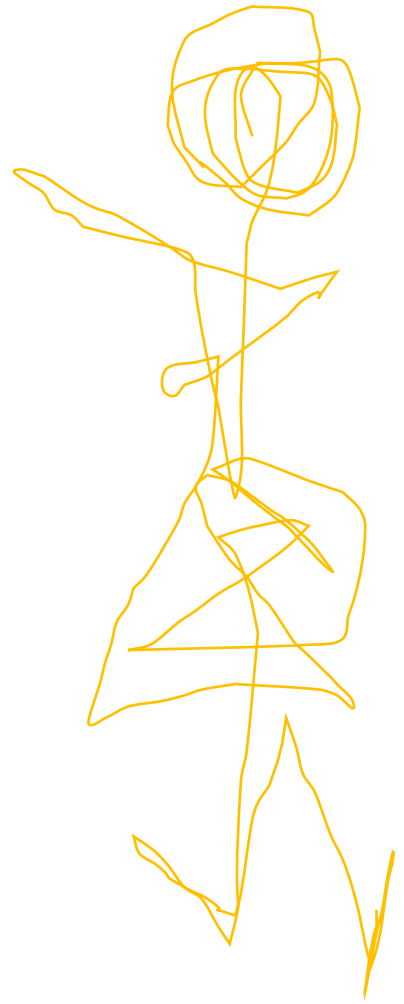

RIGHT TO RIGHTS

Rights shape our choices for children.

Participation is a child's right as is provision and protection.

But participation is not given as much importance so space honours the child's right to participate.

Rights of children are values that guide the organisation and are woven as actions by all adults.

'A PLACE OF POSSIBILITIES FOR GLOCAL CITIES – Moving Forward in a Deep Learning World, A Concept Paper for Re-Imagining Pedagogy, Human Development, Education & Deep Learning' (June 19, 2020) accompanies 'GLOCAL: SDG TRANSFORMATION HUB-CITIES – A V-Rebound Reality for All, A Sustainable Township Economic Development Concept Paper' (June 7, 2020).

Don't walk out at midnight

It is dark and it is quiet
It is silent and it is still

It is treacherous and someone might rape you
It is cool and it is open

It is a lurking shadow waiting to hurt you
I offer my shadow my karma

It is nonsense all wrapped around your head
I like my head and my clarity

It is all too silly to stare at clouds
In there I find my imaginary and real friends

You are impossible to teach
I am not seeking a teacher

You are simply, incorrigibly...
delightful, I know.
